

# Product Change Notification

## TE Connectivity

Product Change Notification: P-22-022164

PCN Date: 14-FEB-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
0.64MM PIN, BOARD SIDE INSERTION

**Description of Changes**  
To raise our level of customer service and improve delivery of quality product to customer demand, TE Connectivity Automotive NA will relocate the stamping and plating process to another certified TE NA location for the noted part numbers. This effort will position us to better serve your future needs.

**Reason for Changes:**  
Product improvement.Capacity limitations at the current TE facility in Greensboro, NC have necessitated moving some component stamping and plating to our TE Hermosillo, MX location, which is also the point of use.
