

PRODUCT CHANGE NOTIFICATION UPDATE

ISSUE DATE: December 15, 2016
NOTIFICATION: SYNPCN-2016-11-18
TITLE: SNAP production release notification
EFFECTIVE DATE: March 31 2017

DEVICE(S): **SNAP RF Modules**

DESCRIPTION:

In order to provide innovative solutions that meet the challenges of connecting the physical world to the digital world with SNAP: *the* Things Platform, Synapse will update production firmware on SNAP Modules periodically. Synapse makes software releases available for download and evaluation from our developer site at developer.synapse-wireless.com at least six months prior to updating the production version of firmware shipped on our hardware products.

REASON:

SNAPcore version 2.8 was released on October 6th, 2016. Modules built after March 31, 2017 will include SNAPcore 2.8 firmware loaded on the module.

AFFECTED PRODUCTS:

Part Number	Current SNAPcore	SNAPcore Update	Effective Date
RF200P81	2.5	2.8	31 March 2017
RF200PU1	2.5	2.8	31 March 2017
RF220UF1	2.5	2.8	31 March 2017
RF220SU	2.7	2.8	31 March 2017
RF220SU-EU	2.7	2.8	31 March 2017
SM200P81	2.5	2.8	31 March 2017
SM200PU1	2.5	2.8	31 March 2017
SM220UF1	2.5	2.8	31 March 2017

If you have questions, concerns or special requests for specialized module firmware loads, please contact Synapse at support@synapse-wireless.com
