Re: Lead time update for 3M™ Four-Wall Header, 3400 Series and 3M™ Wiremount Socket, 3000 Series

To our Valued Customers:

3M has encountered significant backlog due to strong customer demand for 3M™ Four-Wall Header, 3400 Series and 3M™ Wiremount Socket, 3000 Series. 3M has completed qualifications in our Southeast Asia facility and had already transitioned many open orders to the new location beginning the week of June 14th. Due to the backlog build as a result of previously communicated resin shortages caused by Winter Storm Uri, and continued strong global demand, 3M is temporarily increasing lead times to 132 days effective immediately. 3M continues to work with its global sourcing team to secure the necessary supply of resin, is boosting output levels in the new location, and plans to reduce manufacturing lead times once this situation is resolved.

We apologize for the delay. Please reach out if you have any questions or concerns regarding the transition.

Thank you for your continued partnership with 3M.

Brent Gossett  
Key Account Manager
